EXAMINER'S AMENDMENT

Terminal Disclaimers were filed by applicants on 12/22/2003 in response to the previous office action, mailed 9/25/2003. These disclaimers over U.S. Patent No. 6,143,566 and U.S. Patent No. 6,130,090 have been approved and entered into the file. Applicants' filed a supplemental response on 4/30/2004, following which claims 1-18, 20-26, 28-48 were pending. In applicants' response claim 27 was cancelled and claims 22 7 24 were amended. The following examiner's amendment is made to cancel the withdrawn claims that are directed to non-elected subject matter and to amend the first sentence of the specification to update the status of one of the parent applications. Applicants' response, including the terminal disclaimers, has obviated the outstanding grounds of rejection.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Veronica Mallon on 7/23/2004.

The application has been amended as follows:

In the claims:

Claims 1-14 and 33-47, directed to nonelected subject matter, have been cancelled.

In the specification:

Art Unit: 1636

At page 1, line 8, the phrase --, now abandoned,-- has been inserted after the words "filed June 22, 1998" and before the words "which is a non-provisional application".

Conclusion

Claims 15-18, 20-26, 28-32 and 48 are allowed (now claims 1-17).
